Home PeakValo05 (Jackson Wiser)

Education

Grand Canyon University
Bachelor of Science in Software Development (GPA – 3.52) **Expected Graduation: 2028**

Mountain Land Technical College
Certification in Digital Media **2021 – 2022**

Projects

Restaurant Management System
- Developed a Spring Boot restaurant management application featuring inventory management, user authentication, database integration, and CRUD functionality for managing restaurant operations.

Pong Game
- Built an arcade-style Pong game using Java Swing and Java2D with real-time collision detection, keyboard controls, scoring, and game-state management.

Bakery Ordering System
- Developed a full-stack bakery ordering and management application using Java, Spring Boot, Thymeleaf, and MySQL, featuring CRUD operations for orders, products, customers, and staff with cloud deployment and CI/CD integration.

Personal Portfolio Website
- Developed and deployed a full-stack portfolio website using Java, Spring Boot, Thymeleaf, Bootstrap, and MySQL, featuring GitHub API integration, a functional contact system, responsive web design, and cloud deployment through Heroku.

Experience

Costco Wholesale – Bakery Employee **2023 – Present**

- Worked in a fast-paced team environment to support daily bakery operations.
- Maintained product quality, inventory organization, and food safety standards.
- Demonstrated reliability, time management, and strong work ethic through daily responsibilities.

Cinemark Theaters – Shift Lead / Team Member **2021 – 2023**

- Delivered excellent customer service in a fast-paced theater environment.
- Assisted with daily operations and supported team members during shifts.
- Earned a Shift Lead role, demonstrating reliability and leadership potential.

Languages / Skills

Languages: Java, C#, JavaScript, SQL, HTML, CSS, C

Frameworks: Spring Boot, Thymeleaf, Bootstrap

Databases: MySQL, Database Design

Tools: Git, GitHub, GitHub Actions, Heroku, Intellij IDEA, Visual Studio, MySQL WorkBench

Concepts: REST APIs, Object-Oriented Programming, CRUD Operations, CI/CD, Responsive Web Design
